Located on a quiet plot with views from the living room over the River Lugg and the rolling Radnorshire hills beyond, this is a single unit residential park home on a beautiful, quiet park less than a mile west from the charming Welsh market town of Presteigne.

With a lawned area running the whole length of the west side of the property, and private parking and a single garage directly behind, as a compact home this has everything you need.

An entrance porch leads you directly into a hallway. A kitchen / diner, with double aspect windows, will lead you to the living area - a nice light space with those lovely views.

Moving back through the hallway, a shower room and w.c. are passed before reaching the bedroom. Fitted wardrobes and double aspect windows again offer a nice light space.
