## Regal Hemsworth

This brand-new 2023 model, complete with a long licence, is finished in durable CanExel cladding for enhanced exterior resilience and comes with decking and skirting, ensuring it impresses both inside and out.

On entering, you are welcomed into a spacious kitchen and dining area, where a built-in seat with storage and overhead coat hooks provides both practicality and charm. The kitchen is thoughtfully laid out with worktops and cupboards running along both sides, finished in a contemporary mushroom tone. It comes fully equipped with an integral fridge/freezer, slimline dishwasher, washing machine, and microwave, while the electric oven is complemented by a gas hob. Dual-aspect windows, each fitted with blinds, invite in plenty of natural light, and a four-seater dining table creates the perfect spot for family meals.

A feature screen subtly defines the living area, where a generous corner sofa invites relaxation. The lounge is bathed in light from the patio doors and additional dual-aspect windows, all dressed with elegant sage and white drapes, creating a calm and welcoming ambiance.

The home's accent colours flow seamlessly into the bedrooms. The twin room features rich sage walls paired with plum headboards and ample storage, served by a tastefully finished family shower room with an obscured window. The master bedroom echoes the same style, with a plum headboard set against a feature wall, a walk-in wardrobe, and an en-suite shower room with obscured window. A dressing table and bookcase complete the space, offering both comfort and functionality in this beautifully designed holiday home.
