Atlas Style

Stepping through the side entrance from the generous decking, you are welcomed into an open hallway complete with a useful storage cupboard, which then flows into a bright and stylish living area. The natural light streaming through the almost south-facing patio doors is truly remarkable, illuminating the space from front to back and creating a warm, inviting atmosphere.

The expansive decking is a standout feature, seamlessly extending the living area and providing a superb sun-trap with ample room for outdoor furniture – perfect for relaxing or entertaining in the open air. Inside, the living room is centred around a generously proportioned L-shaped sofa, comfortably seating at least five, complemented by a large footstool. A chic russet and taupe colour scheme ties the space together with elegance and style.

The kitchen, with its unique layout, features a sleek matt black one-and-a-half sink and drainer with a mixer tap, along with a built-in microwave, fridge freezer, and dishwasher. Ample cupboard storage ensures practicality, while the dining table and chairs are tucked neatly into a cosy corner for intimate meals.

To the rear of the property, the main shower room boasts a spacious shower unit, while the guest bedroom offers twin single beds. The main bedroom provides plentiful storage, including fitted wardrobes and a well-lit dressing table, as well as the convenience of a private en-suite WC.
